PEN DRIVE 2012
"SONG STYLES HITS POP"

New SONG STYLES

This USB Pen Drive contains a marvellous library of new Song Styles based on the most famous Disco and Pop music hits of the 70ies and 80ies.

Upgrades required for the products of the AUDYA series

For a correct use of the Song Styles contained on the USB Pen Drive all the instruments must be equipped with the following upgrades:

AUDYA 76 keys

- SOUNDS 2010 Upgrade and Operating System 4.1B
- STYLES & SOUNDS Upgrade 2011 and Operating System 4.2B

AUDYA4 - AUDYA5 - AUDYA8

- STYLES & SOUNDS 2011 Upgrade and Operating System 4.2B

How to check if the SOUNDS 2010 Upgrade is installed on the Audya 76 keys

- Select the "PIANO" sound group and press the relevant key (Fig. 1).
- If next to F1 the sound "CONCERT_GRAND" is indicated (Fig. 2), this means that on the keyboard the "SOUND UPGRADE 2010" is already installed.
- Otherwise the complete package must be installed and not only the Operating System 4.1B

Fig. 1

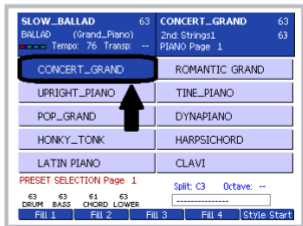

Fig. 2

How to check if the **STYLES & SOUND 2011 Upgrade** is installed on any model of the **AUDYA** series.

- Select the rhythms group "BALLAD" (Fig. 3).
- If on the display there are rhythms with a blue ball (●) prima del nome (Fig. 4), the required upgrade is already installed.

Fig. 3

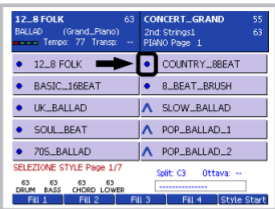

Fig. 4

- Otherwise the complete package must be installed and not only the Operating System 4.2B

How to check which **Operating System** is installed on the instrument

For all models of the Audya series, proceed as follows:

- Switch the instrument off and on.
- The version of the Operating System is shown in the right lower area of the display during the initialization phase (Fig. 5).

Fig. 5

HOW TO INSTALL THE SONG STYLES

The complete installation of the Song & Styles requires about 1 minute.

For all models of the AUDYA series (AUDYA - AUDYA4 - AUDYA5 - AUDYA8) with the 2010-2011 Upgrade and the Operating System 4.2B or superior already installed:

1. Insert the pen drive into the most external USB socket on the left side (Fig. 6).
2. Press the DISK button (Fig. 7).
3. Press the USER 2/7 (D:REMOV) button (Fig. 8).
4. Select the 00KTNinstall-StyleSong file (Fig. 9).
5. Press the ENTER button (Fig. 10).

Fig. 6

Fig. 7

Fig. 8

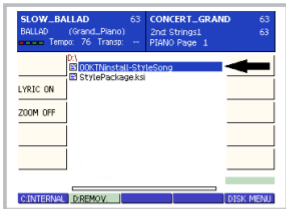

Fig. 9

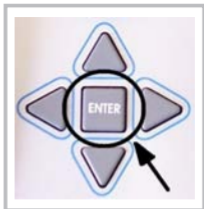

Fig. 10

The keyboard installs all files that are necessary and at the end of the procedure, the instrument goes back to the window shown in Fig. 9. To go back to the main page (Fig. 13), press the USER 1/6 (C:INTERNAL) button (Fig. 11) and then the DISK button (Fig. 12). Now you can remove the USB Pen Drive.

Fig. 11

Fig. 12

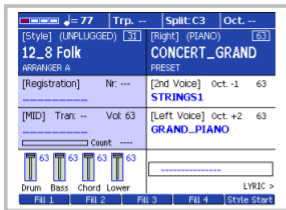

Fig. 13

The new Song Styles can be easily found: they are all on the top of the first pages of the group USER STYLE / UNPLUGGED (Fig. 14) and have a blue ball (●) before their name (Fig. 15).
